Engineered for Endurance, Built for Business.

Streamline your workspace and empower your operations with the Thinvent® Uno All-in-One PC. This robust, uncluttered system is designed for reliability, offering a powerful, modern performance to tackle demanding daily tasks without fuss. Its space-saving design and integrated screen eliminate cable clutter for a cleaner, more professional environment.

Ideal for a Multitude of Missions

This versatile computer is perfectly suited for deployment across a range of critical business functions, providing steadfast performance where you need it most.

Where It Shines

- Power through point-of-sale transactions, digital signage, and customer information displays with seamless efficiency.
- Manage inventory, process orders, and handle administrative duties in warehouses and light industrial settings.
- Serve as a dedicated terminal for production monitoring, quality control stations, or machine interfacing on the factory floor.
- Operate reliably in secure environments where wireless connectivity is not permitted or required.

Built to Adapt and Secure

The height-adjustable stand ensures comfortable viewing all day long, reducing operator strain. With dual Ethernet ports for network redundancy and a robust, lockable design, it provides the connectivity and physical security essential for business-critical applications. Experience dependable computing, day in and day out. Choose the Thinvent Uno.
