Small footprint, serious performance – the Aero Mini PC keeps your workspace tidy and your business moving.

Meet the Aero Mini PC, the quiet workhorse that slips neatly onto your desk, behind your monitor, or into the tightest of spaces. It is built for everyday productivity, whether you are managing stock, processing orders, handling customer enquiries, or running a busy clinic, school, or shop floor. With a responsive processor and solid storage, it opens applications quickly, keeps your files safe, and lets you get on with the job without waiting around.

Order it ready for work. It arrives with Windows 11 Professional installed, along with a matching keyboard and mouse, so you can plug in and start straight away – no fuss, no extra purchases. This is computing made simple for small businesses, home offices, and professional environments that value reliability over complexity.

It is a practical alternative to bulkier towers. It consumes less space and less power, runs quietly, and looks smart next to your monitor. The sleek black finish suits any office, while the sturdy steel and ABS housing is built to endure the daily grind. Onboard ports cover your essential connections, including VGA for older projectors and HDMI for modern screens, plus plenty of USB slots for your printers, scanners, and peripherals. Gigabit Ethernet keeps your network connection stable and fast.

Need a dependable, no-nonsense computer that frees up space and keeps working day after day? The Aero Mini PC takes the hassle out of IT, letting you focus on what matters most – your business.
