Power through your digital workspace without the bulk.

For the professional who demands performance without the footprint, the Thinvent Aero Mini PC is your ultimate ally. Engineered with the latest Intel Core Ultra 5 processing, it delivers seamless multitasking and swift responsiveness for business applications, digital signage, and office productivity. This compact powerhouse fits anywhere, decluttering your desk while powering your operations.

Why the Aero Mini PC is your smart choice

- Maximise your productivity: Experience smooth, lag-free performance that keeps pace with your busiest days, from complex spreadsheets to video conferencing.

- Unmatched versatility: Its compact, robust design is perfect for space-constrained environments, whether mounted discreetly behind a monitor or integrated into a retail kiosk.
- Connect with confidence: Dual Gigabit Ethernet ports ensure a reliable, high-speed wired connection for critical network tasks, supported by strong wireless connectivity.
- Ready for business out of the box: Comes pre-installed with Windows 11 Pro, providing a familiar, secure, and professional-grade platform from the moment you power it on.

Engineered for reliability and backed by industry-leading certifications, the Aero Mini PC is the robust, space-saving solution for modern business computing.
