Powerful performance, compact footprint: The Thinvent® Aero Mini PC.

Unlock a new dimension of space-saving computing power. The Aero Mini PC delivers robust, reliable performance for demanding business and industrial environments, all from an incredibly small form factor that declutters any workspace.

Built for reliability in critical applications

- Engineered for 24/7 operation in a wide range of temperatures, ensuring unwavering performance on the factory floor or in the control room.
- Dual Gigabit Ethernet ports provide essential network redundancy and high-speed data transfer for seamless integration into your existing infrastructure.

- A wealth of front and rear connectivity, including multiple USB ports, offers ultimate flexibility for peripherals, from barcode scanners to specialised industrial hardware.

Your dedicated workhorse, ready to deploy

- Arrives without an operating system, giving you complete freedom to install your preferred, secure software stack for total control.
- Includes a premium Thinvent keyboard and mouse set for immediate productivity right out of the box.
- Its rugged steel construction and certified design mean you can trust it to perform day in, day out, supporting your core operations without interruption.

Choose the Thinvent Aero Mini PC: where industrial-grade durability meets intelligent, compact design.
