Compact power that keeps your business moving.

Think of the Thinvent Aero Mini PC as the quiet workhorse your office has been waiting for. It tucks neatly beside a monitor or under a desk, yet delivers the kind of responsive, everyday performance that keeps your team productive without clutter, noise, or fuss.

Why you'll love it

- Reliable speed for daily tasks, from email and spreadsheets to web-based applications, without the lag.
- A space-saving design that frees up your desk for the things that matter, not a towering tower.
- Twin network connections give you flexible, stable internet and a simple route to share files or hook up to a secure internal network.
- Plenty of ports for your monitor, peripherals, and USB devices, so everything you need is ready to plug in and go.
- Genuine Windows 11 Professional, so you get familiar tools, solid security, and smooth updates from day one.
- A trusted Thinvent keyboard and mouse included, meaning you're set up straight out of the box.

Where it shines

- Perfect for reception desks, retail counters, and back offices where space is tight but reliability is non-negotiable.
- A smart choice for digital signage, kiosks, and light industrial control, thanks to its tough powder-coated steel and ABS housing.
- Ideal for branches and remote sites that need a dependable, low-maintenance computer that simply keeps running.

Why choose Thinvent

- Built with industrial-grade thinking, so it can handle the bumps of real-world working environments.
- Backed by genuine certifications for quality and safety, and finished to a high standard in black.
- Backed by a company that understands business computing, giving you confidence, not just components.

Choose the Aero Mini PC for a compact, capable, and quietly brilliant addition to your workplace.
