Engineered for endurance in demanding environments: The Thinvent® Aero Mini PC.

Where reliability is non-negotiable, the Aero Mini PC delivers. This compact industrial powerhouse is built to operate flawfully in your most critical applications, from the shop floor to the digital signage network, without taking up valuable space.

Designed for industrial resilience

- Its robust steel housing and fanless design ensure silent, dependable operation free from dust and vibration concerns.
- Dual Gigabit Ethernet ports provide essential network redundancy and connectivity for control systems and secure data transfer.

- Windows 11 IoT Enterprise offers a stable, long-term platform for your specialised software, minimising disruptions.

Perfect for streamlined operations

Deploy it as the steadfast brain behind kiosks, point-of-sale systems, or factory automation. Its versatile connectivity supports multiple displays and peripherals, making it the ideal central hub for control rooms or interactive workstations. The included keyboard and mouse set means it's ready to work straight out of the box.

Choose the Aero Mini PC. It's not just a computer; it's a durable, purpose-built solution that works as hard as your business does.
