Unleash desktop power from a palm-sized dynamo.

The Thinvent Aero Mini PC: Where industrial-grade reliability meets surprising versatility.

Perfect for

- A robust digital signage controller that runs cool and quiet 24/7.
- A compact, dual-network hub for network security applications.
- A space-saving workstation for business-critical kiosks or point-of-sale systems.

Engineered for endurance

This isn't just a small computer; it's a resilient workhorse built for demanding environments. Its robust steel construction and fanless design ensure silent, dust-resistant operation, while its wide power input handles unstable grids with ease. The dual Gigabit Ethernet ports provide crucial network redundancy for always-on applications.

Deploy with total freedom

Arriving without a pre-installed operating system, the Aero hands you complete control. Load your preferred OS and customise it perfectly for your specialised software, from factory floor monitoring to interactive retail displays. Its wealth of front-facing ports allows for clean, professional installations with easy peripheral access.

Choose the Thinvent Aero Mini PC. Maximum capability, minimal footprint, and built to work where others won't.
