Big desktop performance, delightfully small footprint.

The Aero Mini PC from Thinvent slips quietly into any workspace, yet delivers the kind of responsive, capable performance you'd expect from a much larger tower. Whether you're running a busy reception desk, managing a home office, or powering a retail counter, this little powerhouse keeps pace without cluttering your desk or demanding a dedicated cabinet.

Why choose the Aero Mini PC

- Instant productivity with the latest Intel Core i5 processing, so spreadsheets, presentations, and web apps feel snappy.
- Effortless multitasking across ten cores, letting you move between applications without that frustrating wait.
- Generous storage and memory mean you can keep your files, projects, and media close at hand, not tucked away on a slow external drive.
- Versatile connectivity for modern displays and legacy peripherals alike, making it a true drop-in replacement for an ageing desktop.

- Dependable dual-band Wi-Fi keeps you online without trailing cables, while gigabit Ethernet is there when you need a rock-solid wired link.
- Windows 11 Professional gives you a secure, familiar environment with the business features that keep you in control.
- A complete, ready-to-run package including a matching Thinvent keyboard and mouse, so you can plug in, power up, and get on with your day.

Perfect for front offices, small enterprises, classrooms, and anyone who values a tidy desk without sacrificing performance, this space-saving computer is built to run quietly, stay cool, and keep working reliably shift after shift. It's a beautifully practical upgrade that frees your workspace and your workload, all backed by the reassurance of a dedicated industrial-grade manufacturer.

Make the smart, compact choice. Choose the Aero.
