

# Thinvent Aero Mini PC

## Intel Core i7-1255U processor

10 core, up to 4.7 GHz, 12 MB cache

## Dual LAN

## 32GB DDR4 RAM (2 x 16GB)

## 256GB SSD

## Dual Band WiFi

## Thinux Embedded Linux

SKU: AERO-I7\_12L-16\_16-M256-12\_7-M-THINUX-0

Unleash big power from a tiny footprint.

Engineered for demanding environments, the Thinvent Aero Mini PC is the robust, reliable heart of your digital operations. Its compact, industrial-grade design thrives where standard computers falter, delivering silent, fanless performance day in, day out.

### Built for business, not just the office

- **Perfect for Digital Signage:** Drive vibrant, dynamic content to multiple displays without a bulky tower cluttering your space. Its robust construction ensures your message is always on.
- **Ideal for Thin Clients:** Deploy a fleet of these for secure, centralised computing. Manage everything remotely with ease, reducing IT overhead and enhancing security.

- **Excels in Embedded Applications:** From interactive kiosks to factory floor control panels, its rugged build and stable Thinux™ OS handle specialised software with unwavering reliability.
- **A Hub for IoT Gateways:** Connect, collect, and process data from sensors and equipment with its dual LAN ports and versatile connectivity, making it the smart node in your network.

Forget about constant upgrades and maintenance headaches. This isn't a consumer toy; it's a professional tool built to perform consistently. Choose the Thinvent Aero Mini PC for a cleaner, smarter, and far more resilient computing solution that simply gets on with the job.

# Thinvent Aero Mini PC

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i7      |
| Processor Brand | Intel   |
| Processor Model | 1255U   |
| Cores           | 10      |
| Max Frequency   | 4.7 GHz |
| Cache           | 12 MB   |
| Main Memory     | 32 GB   |
| SSD Storage     | 256 GB  |

### DISPLAY

|      |   |
|------|---|
| HDMI | 1 |
| VGA  | 1 |

### AUDIO

|                   |   |
|-------------------|---|
| Speaker Out       | 1 |
| Mic In            | 1 |
| Front Speaker Out | 1 |
| Front Mic In      | 1 |

### CONNECTIVITY

|               |   |
|---------------|---|
| USB 3.2       | 2 |
| Front USB 2.0 | 4 |
| Front USB C   | 1 |
| RS485 Option  | 1 |

### NETWORKING

|                     |                               |
|---------------------|-------------------------------|
| Ethernet            | 1000 Mbps                     |
| Ethernet Ports      | 2                             |
| Wireless Networking | Wi-Fi 5 (802.11ac), dual band |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 7 Amps                                       |
| Power Input  | 100~275 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 35°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                       |
|----------------------|-----------------------|
| Form Factor          | Mini PC               |
| Dimensions           | 198mm × 187mm × 40mm  |
| Housing Material     | Steel and ABS Plastic |
| Housing Finish       | Powder Coated         |
| Housing Colour       | Black                 |
| Net and Gross Weight | 1.71kg, 1.71kg        |

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                                                  |
| OS Features      | <p>Chromium and Mozilla Firefox browsers.</p> <p>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.</p> <p>Browser based remote management. VNC shadowing.</p> <p>Java, Python and glibc based location application support.</p> <p>LibreOffice and PDF viewer.</p> <p>Multimedia player with MPEG4 support.</p> <p>SIP video and voice over IP.</p> |
