Unleash industrial-grade computing power, no matter the environment.

Engineered for Reliability

The Thinvent® Aero Mini PC is built to thrive where standard computers falter. Its rugged, compact design and robust operating system deliver unwavering performance for your most critical operations, day in and day out.

Transform Your Workspace

- Deploy a silent, space-saving powerhouse for digital signage, kiosks, or interactive displays.
- Run complex location-based applications and manage networked equipment with effortless remote access and control.

- Create a secure, dedicated workstation for process monitoring or industrial automation, free from bloatware and distractions.

Why Choose the Aero Mini PC?

It's the complete, out-of-the-box solution for professionals who value simplicity and steadfast operation. With integrated remote management and a pre-configured, stable environment, you save time on setup and maintenance. Focus on your work, not your hardware.
