

# Thinvent Aero Mini PC

## Intel Core i7-1255U processor

10 core, up to 4.7 GHz, 12 MB cache

## Dual LAN

## 16GB DDR4 RAM (2 x 8GB)

## 512GB SSD

## No WiFi

## Thinux Embedded Linux

SKU: AERO-I7\_12L-8\_8-M512-12\_5-X-THINUX-0

Unleash potent computing power in a palm-sized package.

### Engineered for Endurance

Built to thrive where other computers falter, the Thinvent Aero Mini PC is your steadfast partner for demanding industrial environments. Its robust, fanless steel housing ensures silent, reliable operation free from dust and debris, delivering unwavering performance shift after shift.

### Power Where It Counts

Harness the advanced processing muscle of an Intel Core i7 to tackle complex tasks with ease. From driving sophisticated digital signage and interactive kiosks to managing automation protocols and running multiple location-based applications, it delivers smooth, responsive operation that keeps your operations flowing.

### Simplified Control and Connectivity

Take complete command with our dedicated Thinux Embedded Linux OS. It offers streamlined, browser-based remote management for effortless deployment and monitoring from anywhere.

- Deploy and update software across your network without physical access.
- Establish secure, reliable connections with dual Gigabit Ethernet ports for critical network redundancy.
- Connect to a full suite of peripherals with abundant front-panel USB ports.

Choose the Thinvent Aero Mini PC for a robust, powerful, and effortlessly manageable computing solution that simply gets the job done, day in and day out.

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i7      |
| Processor Brand | Intel   |
| Processor Model | 1255U   |
| Cores           | 10      |
| Max Frequency   | 4.7 GHz |
| Cache           | 12 MB   |
| Main Memory     | 16 GB   |
| SSD Storage     | 512 GB  |

### DISPLAY

|      |   |
|------|---|
| HDMI | 1 |
| VGA  | 1 |

### AUDIO

|                   |   |
|-------------------|---|
| Speaker Out       | 1 |
| Mic In            | 1 |
| Front Speaker Out | 1 |
| Front Mic In      | 1 |

### CONNECTIVITY

|               |   |
|---------------|---|
| USB 3.2       | 2 |
| Front USB 2.0 | 4 |
| Front USB C   | 1 |
| RS485 Option  | 1 |

### NETWORKING

|                |           |
|----------------|-----------|
| Ethernet       | 1000 Mbps |
| Ethernet Ports | 2         |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 5 Amps                                       |
| Power Input  | 100~240 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 35°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                       |
|----------------------|-----------------------|
| Form Factor          | Mini PC               |
| Dimensions           | 198mm × 187mm × 40mm  |
| Housing Material     | Steel and ABS Plastic |
| Housing Finish       | Powder Coated         |
| Housing Colour       | Black                 |
| Net and Gross Weight | 1.62kg, 1.62kg        |

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                                                  |
| OS Features      | <p>Chromium and Mozilla Firefox browsers.</p> <p>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.</p> <p>Browser based remote management. VNC shadowing.</p> <p>Java, Python and glibc based location application support.</p> <p>LibreOffice and PDF viewer.</p> <p>Multimedia player with MPEG4 support.</p> <p>SIP video and voice over IP.</p> |
