Small on size, huge on performance – the Aero Mini PC from Thinvent.

The Aero Mini PC is the workmate that keeps up with your day, no matter where your day takes you. Powered by a fast and efficient AMD Ryzen 5 processor, it glides through everyday business tasks, web conferencing, and office software without breaking a sweat. Everything feels snappy and responsive, so you spend less time waiting and more time getting things done.

This is the perfect choice for professionals who need a dependable workhorse that slips neatly onto a crowded desk, behind a monitor, or in a tight retail kiosk. It delivers full Windows 11 Professional capabilities in a compact, quiet package, making it ideal for reception desks, meeting rooms, and medical practices where space is at a premium.

When you choose the Aero, you get a complete, ready-to-run system. It joins your network wirelessly or via fast gigabit ethernet, so setup takes minutes, not hours. With plenty of ports front and back, you can connect dual displays, keyboards, and peripherals with ease, while the durable steel and ABS housing is built to keep running reliably in busy environments.

- Effortless performance for daily office work, web browsing, and video calls
- Compact, space-saving design that fits anywhere
- Reliable, power-efficient operation that keeps running all day
- Simple to set up with Windows 11 Professional pre-installed
- Made by Thinvent, a manufacturer you can trust for solid industrial-grade build quality

Give your workspace a serious upgrade without the clutter. The Aero Mini PC is the smart, sensible, and stylish choice for modern professionals who want dependable computing that just works.
