Power that fits in the palm of your hand.

Built for professionals who demand space-saving reliability without sacrificing performance, the Thinvent Aero Mini PC brings AMD Ryzen 5 processing power to any desk, counter, or factory floor. Whether you're running point-of-sale software, data entry terminals, or digital signage, this compact machine delivers snappy responsiveness day in, day out.

Say goodbye to bulky towers. The Aero sits neatly behind a monitor, under a shelf, or mounted on a wall – freeing up valuable workspace. Its robust steel and ABS construction, finished with a tough powder coat, handles the bumps and knocks of busy environments with ease.

Connectivity is generous, with multiple USB ports, Ethernet, HDMI and VGA for older displays. The front USB Type-C makes quick file transfers or peripheral hook-ups effortless. And with a 12V DC power supply, it runs cool and quietly – ideal for offices, retail counters, or industrial kiosks.

The included Thinvent keyboard and mouse get you started straight away, while DOS allows you to install your preferred operating system. From healthcare to hospitality, the Aero Mini PC is the reliable, space-conscious workhorse you can trust.

Your workspace deserves a compact powerhouse. Choose the Thinvent Aero Mini PC.
