Power Through the Toughest Industrial Tasks with Unmatched Reliability.

Introducing the Thinvent® Neo H Mini PC

The high-performance evolution of our bestselling Neo series. This is our most formidable industrial computer, engineered from the ground up in India to be an unwavering workhorse in demanding environments. Forget about fragile consumer-grade hardware; this machine is built with solid steel for ultimate durability.

Engineered for Demanding Environments

- Withstand the rigours of the factory floor, built solidly to keep running day in, day out.
- Connect to a vast array of legacy and modern industrial equipment with its comprehensive suite of ports.

- Deploy with confidence in diverse settings, thanks to its robust operating temperature range and trusted certifications.

Your Command Centre for Industrial Control

This is the powerful core your operation needs. It delivers the seamless, responsive performance required for real-time monitoring, machine control, and complex automation tasks. The dual LAN ports ensure critical network reliability, while the efficient design keeps things running coolly and quietly. Pre-loaded with a stable, open-source operating system, it's ready to integrate into your system and start driving productivity.

Choose the industrial-grade powerhouse that's 100% designed and made for India's toughest challenges.
