Small in Stature, Mighty in Performance: The Neo H Mini PC.

Engineered for the Demanding Industrial Environment

This high-performance powerhouse is built to drive your critical operations without compromise. Its robust, solid steel chassis ensures unwavering reliability on the factory floor, in control rooms, or within challenging digital signage deployments. As our largest and most powerful Neo model, it delivers the robust processing muscle needed for seamless industrial control, machine automation, and data acquisition tasks.

Unmatched Connectivity for Legacy and Modern Systems

Forget about compatibility headaches. This industrial workhorse is equipped with essential legacy ports alongside modern interfaces, allowing you to seamlessly integrate with both new equipment and trusted existing machinery. Its dual LAN capability supports network redundancy or segmentation, vital for maintaining continuous uptime in your operational technology (OT) environment.

Built for India, Proven for Industry

Proudly 100% designed and made in India, the Neo H is crafted to excel in local conditions. It represents a dependable, high-calibre computing solution that stands up to rigorous use, offering peace of mind and sustained performance where it matters most. Choose the mini PC that works as hard as you do.
