Power Through the Toughest Tasks, Unfazed.

Introducing the Neo H: Where industrial-grade reliability meets high-performance computing.

Built for Demanding Environments

- A true industrial workhorse, engineered from the ground up for 24/7 operation in challenging conditions.
- Its solid steel construction and robust build ensure unwavering durability where standard PCs would fail.
- Proudly 100% designed and made in India, supporting local innovation and manufacturing excellence.

Uncompromising Connectivity and Control

- A host of connectivity options integrates seamlessly into existing industrial systems and networks.

- The pre-installed Thinux™ operating system is loaded with essential tools for remote management, display, and application support, getting you up and running instantly.
- Ideal for industrial control, digital signage, process automation, and other mission-critical applications.

Engineered for Simplicity and Strength

- Deploy with confidence thanks to its stable, dedicated embedded platform, reducing complexity and maintenance overhead.
- Experience peace of mind with a device built to withstand the rigours of the factory floor, control room, or retail space.
- Choose the robust, high-performance solution that just works, day in and day out.
