Unleash industrial-grade power in a compact, resilient package.

Introducing the Neo H Mini PC

Engineered for demanding environments, this is our most powerful Neo series machine. It's built not just to perform, but to endure, with a solid steel chassis that shrugs off the rigours of the factory floor. This is the industrial workhorse you can rely on.

Why choose the Neo H?

- Experience smooth, responsive performance for industrial control systems, digital signage, and automation tasks.
- Benefit from exceptional connectivity with dual Ethernet ports, ensuring reliable network integration for critical operations.

- Enjoy the flexibility of a fanless, compact design that fits seamlessly into space-constrained settings without compromising on robustness.
- Trust in a product 100% designed and made in India, built to the highest standards of quality and durability.
- Get started immediately with the included keyboard and mouse set, ready to be configured for your specific application.

Built for the long haul where reliability is non-negotiable. The Neo H delivers steadfast computing power where you need it most.
