

## Thinvent Neo H Mini PC

### Intel Core i3-1215U processor

6 core, up to 4.4 GHz, 10 MB cache

### Dual LAN

### 64GB DDR4 RAM (2 x 32GB)

### 512GB SSD

### No WiFi

### Thinux Embedded Linux

SKU: H-I3\_12L-32\_32-M512-12\_5-X-THINUX-0

Power Through Industrial Demands with Pure Reliability.

The Thinvent® Neo H Mini PC is engineered to be the resilient heart of your operation. This isn't just a computer; it's a durable industrial partner, 100% designed and made in India for the toughest environments.

#### Built for the Long Haul

- Its solid steel construction ensures unwavering durability on the factory floor or in control rooms.
- Experience dependable, consistent performance for critical control systems and automation tasks.
- Dual LAN ports provide essential network redundancy and flexible connectivity for industrial protocols.

#### Simplified, Secure Control

- Pre-loaded with Thinux™ Embedded Linux, it delivers a stable, lightweight platform for dedicated applications.
- Remotely manage and monitor systems with ease using the built-in browser-based tools and VNC support.
- Focus purely on your operation with a system designed for purpose, free from unnecessary bloat.

#### The Industrial Workhorse

From process control and machine interfacing to digital signage and kiosks, the Neo H handles it all. Its powerful processing and robust build mean you invest in uptime, leaving downtime behind. Choose the reliable core for your most demanding applications.

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i3      |
| Processor Brand | Intel   |
| Processor Model | 1215U   |
| Cores           | 6       |
| Max Frequency   | 4.4 GHz |
| Cache           | 10 MB   |
| Main Memory     | 64 GB   |
| SSD Storage     | 512 GB  |

### DISPLAY

|      |   |
|------|---|
| HDMI | 1 |
| VGA  | 1 |

### AUDIO

|             |   |
|-------------|---|
| Speaker Out | 1 |
| Mic In      | 1 |

### CONNECTIVITY

|              |   |
|--------------|---|
| USB 3.2      | 2 |
| RS485 Option | 1 |

### NETWORKING

|                |           |
|----------------|-----------|
| Ethernet       | 1000 Mbps |
| Ethernet Ports | 2         |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 5 Amps                                       |
| Power Input  | 100~240 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 40°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                       |
|----------------------|-----------------------|
| Form Factor          | Mini PC               |
| Dimensions           | 210mm × 202mm × 80mm  |
| Packing Dimensions   | 340mm × 235mm × 105mm |
| Housing Material     | Steel                 |
| Housing Finish       | Powder Coated         |
| Housing Colour       | Black                 |
| Net and Gross Weight | 1.69kg, 2.11kg        |

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                                                  |
| OS Features      | <p>Chromium and Mozilla Firefox browsers.</p> <p>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.</p> <p>Browser based remote management. VNC shadowing.</p> <p>Java, Python and glibc based location application support.</p> <p>LibreOffice and PDF viewer.</p> <p>Multimedia player with MPEG4 support.</p> <p>SIP video and voice over IP.</p> |
