Unleash industrial reliability in a compact powerhouse.

### Built for Demanding Environments

The Thinvent® Neo H Mini PC is the high-performance evolution of our bestselling Neo series. Designed as an industrial workhorse, its robust solid steel construction ensures it thrives where others falter, from factory floors to control rooms.

### Engineered for Continuous Operation

This isn't just a computer; it's a dedicated solution for critical applications. With its powerful processing core and generous memory configuration, it effortlessly handles industrial control systems, machine automation, and digital signage, delivering smooth, uninterrupted performance day in and day out.

### Connect and Control with Confidence

Simplify your setup with a host of legacy and modern connectivity options. Dual Ethernet ports provide network redundancy for vital operations, while the built-in serial port ensures seamless integration with specialised industrial equipment, eliminating the need for cumbersome adapters.

### 100% Designed and Made in India for Indian Industry

Proudly conceived and manufactured locally, the Neo H is built to understand and withstand the specific challenges of your operational environment. It represents a commitment to quality, durability, and supporting homegrown industrial innovation. Choose the reliable backbone for your most important projects.
