

## Thinvent Neo H Mini PC

### Intel Core i3-1215U processor

6 core, up to 4.4 GHz, 10 MB cache

### Dual LAN

### 8GB DDR4 RAM

### 256GB SSD

### Dual Band WiFi

### Thinux Embedded Linux

### Thinvent Keyboard and Mouse set

SKU: H-I3\_12L-8-S256-12\_7-M-THINUX-KM

Engineered for India, Built to Endure: The High-Performance Thinvent® Neo H Mini PC.

#### Power Through Your Toughest Industrial Tasks

Meet the ultimate industrial workhorse. The Neo H is our largest, most powerful model, meticulously engineered to deliver relentless reliability in demanding environments. This isn't just a computer; it's the robust nerve centre for your critical operations.

#### Why the Neo H is Your Industrial Ally

- Unshakeable reliability with a 100% Indian-designed solid steel chassis, built to withstand the rigours of factory floors and control rooms.
- Tackle complex industrial control, automation, and monitoring applications with smooth, responsive performance from a high-powered processor.

- Stay seamlessly connected with dual LAN ports and comprehensive I/O, ensuring robust communication with machinery, sensors, and network systems.
- Deploy with confidence using the integrated Thinux™ operating system, featuring essential tools for remote management, office tasks, and custom application support.
- A complete, ready-to-run solution that arrives with a keyboard and mouse, minimising setup time and getting your systems online faster.

Built for purpose and proven in performance, the Neo H Mini PC is the dependable foundation for your most vital industrial applications.

# Thinvent Neo H Mini PC

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i3      |
| Processor Brand | Intel   |
| Processor Model | 1215U   |
| Cores           | 6       |
| Max Frequency   | 4.4 GHz |
| Cache           | 10 MB   |
| Main Memory     | 8 GB    |
| SSD Storage     | 256 GB  |

### DISPLAY

|      |   |
|------|---|
| HDMI | 1 |
| VGA  | 1 |

### AUDIO

|             |   |
|-------------|---|
| Speaker Out | 1 |
| Mic In      | 1 |

### CONNECTIVITY

|              |   |
|--------------|---|
| USB 3.2      | 2 |
| RS485 Option | 1 |

### NETWORKING

|                     |                               |
|---------------------|-------------------------------|
| Ethernet            | 1000 Mbps                     |
| Ethernet Ports      | 2                             |
| Wireless Networking | Wi-Fi 5 (802.11ac), dual band |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 7 Amps                                       |
| Power Input  | 100~275 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 40°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                       |
|----------------------|-----------------------|
| Form Factor          | Mini PC               |
| Dimensions           | 210mm × 202mm × 80mm  |
| Packing Dimensions   | 340mm × 235mm × 105mm |
| Housing Material     | Steel                 |
| Housing Finish       | Powder Coated         |
| Housing Colour       | Black                 |
| Net and Gross Weight | 2.31kg, 2.73kg        |

### ACCESSORIES

|                    |   |
|--------------------|---|
| Keyboard and Mouse | 1 |
|--------------------|---|

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                                                  |
| OS Features      | <p>Chromium and Mozilla Firefox browsers.</p> <p>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.</p> <p>Browser based remote management. VNC shadowing.</p> <p>Java, Python and glibc based location application support.</p> <p>LibreOffice and PDF viewer.</p> <p>Multimedia player with MPEG4 support.</p> <p>SIP video and voice over IP.</p> |
