Meet the workhorse that keeps your operation moving: the Thinvent Neo H Mini PC.

This is the high-performance edition of our bestselling Neo range – built for the jobs that demand more, and ready to take on the toughest shifts in your facility.

Why settle for less when you can have serious staying power?

- Handles demanding industrial control tasks with ease, thanks to its powerful processor and responsive memory.
- Keeps multiple systems running smoothly, so you can automate, monitor, and manage without a hitch.
- Boots up quickly and runs Windows 11 Professional cleanly, meaning less downtime and more productivity.
- A solid steel housing that shrugs off knocks, dust, and the bumps of a busy workshop floor.
- Plenty of ports for all your peripherals – connect legacy equipment and modern devices alike.

This is a machine you can rely on, day in and day out.

Where does it shine?

- On the factory floor, controlling machinery and processes with rock-solid stability.
- In surveillance and monitoring stations, where uninterrupted operation is non-negotiable.
- In retail, hospitality, and logistics back offices – anywhere you need dependable, always-on computing.

And because it's 100% designed and made in India, you're investing in quality you can trust and supporting local manufacturing excellence.

The Neo H isn't just another mini PC. It's the dependable partner your business deserves. Ready to work as hard as you do – order yours today and feel the difference real industrial computing makes.
