Power without compromise, built for the toughest jobs.

The industrial workhorse you can rely on

The Thinvent Neo H Mini PC takes our bestselling design and delivers outstanding performance. Whether you're running complex industrial control systems, managing data on the factory floor, or powering a digital signage network that demands reliability, this machine handles it all without breaking a sweat.

Purpose-built for demanding environments

- A solid steel chassis protects your investment in harsh conditions – from dusty workshops to busy production lines.
- Plentiful connectivity means you can hook up multiple displays, legacy equipment, and modern peripherals without hassle.
- Designed to run 24/7 in challenging temperatures, so your operations never skip a beat.

Made in India, engineered for the world

- 100% designed and manufactured in India, the Neo H meets rigorous quality standards and supports local industry.
- Pre-loaded with Windows 11 Pro and backed by Thinvent's reputation for durability, it's a turnkey solution you can deploy with confidence.
- The included keyboard and mouse mean you're ready to work straight out of the box.

When you need a mini PC that's more than just compact – one that delivers genuine industrial-grade power, rock-solid stability, and a host of real-world connections – the Neo H is the clear choice. It's the answer to your toughest computing challenges, day in and day out.
