

## Thinvent Neo H Mini PC

### Intel Core i5-1240P processor

12 core, up to 4.4 GHz, 12 MB cache

### Dual LAN

### 16GB DDR4 RAM

### 128GB SSD

### Dual Band WiFi

### Thinux Embedded Linux

### Thinvent Keyboard and Mouse set

SKU: H-I5\_12L-16-S128-12\_5-M-THINUX-KM

Unleash Industrial-Grade Performance, Compact and Unstoppable.

Meet the Neo H: The powerhouse in our most resilient form.

Built for the rigours of industrial environments, the Neo H Mini PC is engineered to deliver exceptional reliability where it matters most. Its robust solid steel chassis ensures unwavering durability, while its powerful processing muscle effortlessly handles demanding control applications, multitasking, and complex data processing without breaking a sweat.

#### **This industrial workhorse excels in connectivity**

- Seamlessly integrate with a vast array of industrial machinery and legacy systems.

- Maintain critical network uptime with dual LAN ports for redundancy or network segmentation.
- Deploy versatile digital signage, interactive kiosks, or process control interfaces with multiple display outputs.
- Enjoy the flexibility of remote access and management for simplified monitoring and support.

Fully designed and manufactured in India, the Neo H is a testament to local engineering excellence. It arrives ready to work with a comprehensive suite of pre-installed productivity and development tools, ensuring you can focus on your operation from the moment you power it on. Choose the compact powerhouse built to endure and perform.

# Thinvent Neo H Mini PC

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i5      |
| Processor Brand | Intel   |
| Processor Model | 1240P   |
| Cores           | 12      |
| Max Frequency   | 4.4 GHz |
| Cache           | 12 MB   |
| Main Memory     | 16 GB   |
| SSD Storage     | 128 GB  |

### DISPLAY

|      |   |
|------|---|
| HDMI | 1 |
| VGA  | 1 |

### AUDIO

|             |   |
|-------------|---|
| Speaker Out | 1 |
| Mic In      | 1 |

### CONNECTIVITY

|         |   |
|---------|---|
| USB 3.2 | 2 |
|---------|---|

### NETWORKING

|                     |                               |
|---------------------|-------------------------------|
| Ethernet            | 1000 Mbps                     |
| Ethernet Ports      | 2                             |
| Wireless Networking | Wi-Fi 5 (802.11ac), dual band |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 5 Amps                                       |
| Power Input  | 100~240 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 40°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                       |
|----------------------|-----------------------|
| Form Factor          | Mini PC               |
| Dimensions           | 210mm × 202mm × 80mm  |
| Packing Dimensions   | 340mm × 235mm × 105mm |
| Housing Material     | Steel                 |
| Housing Finish       | Powder Coated         |
| Housing Colour       | Black                 |
| Net and Gross Weight | 2.24kg, 2.66kg        |

### ACCESSORIES

|                    |   |
|--------------------|---|
| Keyboard and Mouse | 1 |
|--------------------|---|

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                                                  |
| OS Features      | <p>Chromium and Mozilla Firefox browsers.</p> <p>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.</p> <p>Browser based remote management. VNC shadowing.</p> <p>Java, Python and glibc based location application support.</p> <p>LibreOffice and PDF viewer.</p> <p>Multimedia player with MPEG4 support.</p> <p>SIP video and voice over IP.</p> |
