Power through the most demanding industrial tasks.

### Engineered for relentless performance

At the heart of the Neo H is a powerful Intel® processor, delivering the serious multitasking muscle needed for complex control systems and data-intensive applications. It's built to handle your critical operations without hesitation.

### The robust industrial core

- Unmatched durability in a solid steel chassis, built to withstand the rigours of 24/7 operation in challenging environments.

- A true industrial workhorse, 100% designed and made in India for reliability you can count on.
- Dual Ethernet ports ensure steadfast, high-speed network connectivity for seamless integration into your operational infrastructure.

### Ready for action, right out of the box

This complete package arrives with Windows 11 IoT and a Thinvent keyboard and mouse set, so you can deploy immediately. It's the ultimate, high-performance computing solution for industrial automation, machine control, and digital signage, where failure is not an option.
