Unleash Industrial Reliability with Uncompromising Power.

Meet the Neo H Mini PC: the high-performance evolution of our bestselling Neo series, engineered as the ultimate industrial workhorse. Built entirely in India with a rugged, solid steel chassis, it delivers formidable processing muscle for the most demanding control environments.

Engineered for Endurance

- Thrives in challenging industrial settings with a robust, powder-coated steel build that stands up to rigorous daily use.
- Provides exceptional reliability for critical operations, from production line control to complex automation tasks.
- Offers versatile connectivity with dual LAN ports and legacy support, ensuring seamless integration into existing industrial systems.

Your Command Centre for Industry

- Powers through multi-threaded applications and data-heavy processes with smooth, responsive performance.
- Delivers steadfast operation for industrial PCs, digital signage, and machine control, where downtime is not an option.
- Serves as a dedicated, stable backbone for your specialised software, free from the bloat of a pre-installed operating system.

Choose the Neo H for a powerhouse computing foundation that is built to last and perform. It's more than a mini PC; it's a steadfast partner for your industrial vision.
