Power through industrial demands with reliable, high-performance computing.

Thinvent Neo H Mini PC: Engineered for rugged reliability and exceptional processing power, the Neo H is built to be the steadfast core of your most critical operations. As the high-performance flagship of our bestselling Neo series, it delivers the robust capability needed for challenging environments, proudly designed and made in India.

### Unwavering performance for mission-critical tasks

- Experience smooth, responsive operation for industrial control, automation, and data acquisition without slowdowns.
- Tackle complex computational tasks with confidence thanks to its powerful multi-core processor architecture.
- Benefit from exceptional stability with a dedicated industrial-grade Ubuntu OS, free from unnecessary bloat.

### Built to endure in demanding settings

- Rely on its solid steel construction and premium finish to withstand the rigours of the factory floor or control room.
- Enjoy versatile connectivity with dual network ports and essential interfaces for seamless integration into existing systems.
- Operate with peace of mind knowing its robust design ensures consistent performance across a wide range of temperatures.

Choose the Neo H for a computing solution that combines raw power with unwavering resilience. It's more than a mini PC; it's the industrial workhorse your operations can depend on, day in and day out.
