Meet the workhorse that never breaks a sweat.

When your operation can't afford to slow down, the Thinvent® Neo H Mini PC steps up as the high-performance powerhouse of our bestselling Neo family. This is our largest, most capable model yet, engineered for the relentless demands of industrial control and automation.

Built to take the rough with the smooth

- Its formidable processing muscle handles complex tasks and data-heavy applications with impressive ease, so your systems stay responsive when every second counts.
- A solid steel, powder-coated chassis shrugs off the bumps, knocks and harsh conditions of a factory floor, while remaining compact enough to tuck neatly into any control cabinet.
- Thoughtful connectivity means you can link legacy equipment, modern peripherals and network infrastructure without fuss, simplifying installation and future upgrades.

- Dual network ports keep communication flowing reliably, ensuring your critical processes remain connected and controlled.

Why choose the Neo H

It is more than a computer; it is a dependable partner for the long haul. Whether you are supervising machinery, managing production lines, or powering kiosks and gateways, this machine is designed to keep working as tirelessly as you do.

And because it is 100% designed and made in India, you are investing in robust engineering, assured quality and dependable support. With Windows 11 Professional ready to go, plus a matching keyboard and mouse, the Neo H arrives as a complete, no-fuss solution.

Do not settle for less when uptime matters. Choose the industrial-grade performance that keeps your world turning.
