Unleash the power of industrial computing.

Introducing the Thinvent® Neo H Mini PC

Engineered for relentless performance in demanding environments, the Neo H is the ultimate industrial workhorse. It transforms complex control tasks into seamless operations, built from the ground up for reliability where it matters most.

Why the Neo H is your essential partner

- Experience exceptional processing power that effortlessly handles multiple industrial applications and data streams simultaneously, minimising lag and maximising uptime.
- Deploy with absolute confidence in harsh conditions, thanks to its rugged, solid steel construction that stands up to vibration, dust, and the rigours of the factory floor.

- Enjoy unparalleled connection versatility with dual LAN ports and comprehensive I/O, enabling seamless integration into existing networks and with a wide array of industrial peripherals.
- Simplify your setup and reduce cable clutter with its compact, space-saving design that fits effortlessly into control cabinets or tight workspaces.
- Support domestic industry with a product that is 100% designed and made in India, ensuring quality and robust local support.

Ideal for industrial control systems, digital signage, automation, and secure network gateways. Choose the Neo H for uncompromising power and durability in a purpose-built Indian-made package.
