The Neo H: Industrial Intelligence, Amplified.

Designed for Demanding Environments

Introducing the Thinvent® Neo H, the high-performance evolution of our bestselling platform. This isn't just a computer; it's a certified industrial workhorse built from the ground up for relentless operation. Engineered entirely in India with a solid steel construction, it delivers unwavering reliability where it matters most.

Uncompromising Power for Critical Tasks

Harnessing formidable processing muscle, the Neo H effortlessly manages complex industrial control systems, data acquisition, and automation software. Its robust design ensures stable performance for your most vital applications, from factory floor monitoring to digital signage hubs.

Built to Connect and Endure

With a host of connectivity options, it seamlessly integrates into your existing network and peripheral ecosystem. The rugged, powder-coated steel housing stands up to challenging conditions, providing peace of mind and a lower total cost of ownership. Ready for your choice of operating system, it's the flexible, powerful core for your specialised industrial solutions.
