Unleash industrial power in a compact steel fortress.

Thinvent Neo H Mini PC: The High-Performance Workhorse

Forged from solid steel and 100% made in India, the Neo H is our most robust and capable industrial computer. It's built to excel where reliability is non-negotiable and connectivity is key. This isn't just a computer; it's the dependable core for your most demanding control systems.

Engineered for Demanding Environments

- Conquer complex computational tasks with smooth, responsive performance that keeps your operations running without a hitch.
- Connect seamlessly to a wide array of industrial machinery and legacy equipment with its comprehensive suite of ports.

- Deploy with absolute confidence in harsh conditions, thanks to its rugged, powder-coated steel housing that stands up to dust, vibration, and challenging workspaces.
- Simplify your network architecture and ensure constant communication with dual Gigabit Ethernet ports for critical data transfer.

Ideal for mission-critical applications like industrial automation, process control, and digital signage systems where unwavering stability and versatile connectivity are paramount. Choose the Neo H for the power to control, the resilience to endure, and the pedigree of being designed and built for industry.
