Industrial computing power, redefined for the modern maker.

Introducing the Thinvent Neo H Mini PC

Uncompromising Performance for Demanding Tasks

This is the high-performance evolution of our bestselling Neo. Engineered as a true industrial workhorse, it delivers the robust processing power needed for complex control systems, automation, and data-intensive applications without breaking a sweat. Its solid steel construction ensures it stands up to the rigours of any industrial environment.

Built to Connect and Command

Designed for seamless integration, the Neo H is a connectivity hub. With dual LAN ports and versatile I/O, it effortlessly manages multiple networks and peripheral devices, making it the perfect central brain for digital signage, kiosks, or sophisticated machine control panels.

Simplified Management and Reliability

Pre-loaded with our intuitive Thinux operating system, it offers powerful remote management and display capabilities right from your browser. This means less downtime and simpler maintenance. Proudly 100% designed and made in India, it's built with a focus on durability and long-term reliability you can count on.

Ready for Duty Straight Out of the Box

Arriving complete with a keyboard and mouse set, the Neo H is a fully integrated solution. Simply connect it and deploy a powerhouse of industrial computing that is built to perform, day in and day out.
