### Introducing the Thinvent IPC1 Industrial PC

A robust computing core built to withstand the demands of day-in, day-out operation. Its solid aluminium construction and finned, anodised cover aren't just for show—they enable superior passive cooling for reliable, silent running with zero dust intrusion. This is a machine that works tirelessly without a whisper, perfect for focused office tasks or more rugged industrial settings.

#### Built for Purpose

- Experience unwavering reliability with a completely fanless, silent design that eliminates moving parts and protects against environmental contaminants.

- Deploy with absolute confidence in kiosks, digital signage, control panels, or automation systems, knowing its robust thermal management ensures consistent performance.
  - Benefit from a legacy of quality with a platform 100% designed in India, tailored for resilience and value.
  - Enjoy straightforward integration with versatile connectivity options and a compact, VESA-mountable form factor that fits seamlessly into your workspace.
- Choose the IPC1. The steadfast, silent partner for your essential operations.
