Built for resilience, engineered for purpose: the Thinvent IPC1.

Unshakeable reliability in demanding environments

Experience unwavering performance where other computers falter. The IPC1's solid aluminium chassis and advanced finned design dissipate heat silently and efficiently, eliminating moving parts for zero noise, zero dust ingress, and maximum longevity. It's the steadfast digital heart for your critical operations.

The silent workhorse for your daily operations

From bustling factory floors to orderly office hubs, this industrial PC delivers. Its fanless, rugged construction thrives in varied conditions, ensuring your digital signage, kiosk, or control application runs smoothly day in, day out, without interruption or maintenance fuss.

Pure performance, proudly conceived

Harness capable processing power for a multitude of tasks, all within a compact, VESA-mountable form. This is 100% Indian design ingenuity—a robust computing solution built to empower businesses with dependable, focused technology that just works.
