Engineered for resilience, designed for progress.

Introducing the Thinvent® IPC1, the robust industrial computer built to thrive where others falter. This isn't just a PC; it's a steadfast partner for your critical operations, offering unwavering reliability in demanding settings.

Uncompromising durability

- Its solid aluminium chassis with a finned, anodised cover dissipates heat efficiently, ensuring cool, stable performance around the clock.
- The completely fanless design guarantees silent operation and eliminates dust ingress, protecting the core components for a longer, maintenance-free life.

- Ready to power digital signage, process control stations, or office kiosks with consistent, responsive operation.
- Pre-installed with a stable Windows IoT platform, it arrives fully equipped with a keyboard and mouse, simplifying your deployment.
- The versatile VESA mount allows for secure, space-saving installation on walls or behind monitors, keeping workspaces tidy and professional.

Built on a foundation of quality and local expertise, this 100% India-designed industrial PC delivers the rugged dependability your business needs to operate with confidence.
