Where robust computing meets silent, steadfast reliability.

Built for the long haul, the Thinvent IPC1 is your steadfast partner in demanding environments. Its fanless design isn't just about quiet operation; it's about eliminating moving parts that can fail and sealing out disruptive dust and debris. This is reliability you can count on, day in and day out.

Designed for versatility

- Deploy silently in office settings, retail kiosks, or digital signage applications.
- Thrive in industrial settings where consistent performance is non-negotiable.

- Leverage its solid aluminium construction and intelligent finned design for superior heat management without a whisper.
- Mount it effortlessly with integrated VESA compatibility for a clean, professional installation.

This is more than a computer; it's a durable, intelligent foundation engineered for your critical operations. Proudly 100% designed in India to deliver unwavering performance where you need it most.
