Engineered for resilience, built for relentless performance.

Uncompromising reliability for demanding environments

Discover the IPC3, the industrial computer that thrives where others falter. Its rugged, fanless design ensures silent, dust-proof operation in the toughest conditions, from factory floors to remote IoT installations. This is the steadfast digital heart for your 24/7 operations.

A powerhouse of seamless connectivity

Simplify your system integration. With multiple serial ports and dual LAN, this PC effortlessly communicates with legacy machinery and modern networks simultaneously. Stay connected wirelessly for flexible deployment, ensuring your data flows uninterrupted.

Smart, efficient, and proudly crafted

Experience responsive control and efficient multitasking, enabling smoother automation and data handling. Its robust aluminium chassis offers superior durability with a sleek, anodised finish. This is more than a component; it's a reliable partner, designed and built with pride in India to support your critical applications day in and day out.
