Unleash relentless computing power where others fear to tread.

Introducing the Thinvent IPC5: the robust, high-performance engine for your most demanding industrial applications. Built to thrive in harsh environments without a whisper, its fanless design ensures zero dust intrusion and maintenance-free reliability.

### Built for the real world

- Conquer advanced automation and machine vision tasks with effortless, multi-core processing power.

- Transform raw data into actionable insight at the network edge, right where it's generated.
- Connect directly to a vast array of legacy machinery and modern peripherals with its extensive serial and dual network ports.

Crafted with pride in India, this industrial PC features a sleek, anodised dark grey aluminium housing that dissipates heat silently and stands up to the rigours of the factory floor. It's the dependable, powerful core for systems that simply cannot afford to fail.
