

# Thinvent Industrial PC IPC5

## Intel Core i7-1255U processor

10 core, up to 4.7 GHz, 12 MB cache

## Dual LAN

32GB DDR4 RAM (2 x 16GB)

## 256GB SSD

## Dual Band WiFi

## Thinux Embedded Linux

SKU: IPC5-I7\_12L-16\_16-M256-12\_5-M-THINUX-0

Engineered for the relentless edge.

### Uncompromising Power for Advanced Automation

Tackle complex industrial tasks with confidence. This high-performance industrial PC delivers the robust processing muscle needed for demanding applications like machine vision and real-time edge computing, ensuring your operations keep pace without breaking a sweat.

### Built Tough for Any Environment

Designed to thrive where others falter. Its rugged, fanless aluminium construction ensures flawless 24/7 operation in harsh conditions, free from the dust and vibration that disrupt lesser systems. The sleek, anodised grey finish isn't just for looks—it's a statement of durable, reliable engineering.

### Maximum Connectivity, Seamless Integration

Forget compatibility headaches. With a wealth of legacy and modern ports, this unit seamlessly bridges the gap between new and existing equipment. Comprehensive remote management and support for major industrial protocols turn complex networks into a unified, easily controlled ecosystem.

### Simplify Control with Intelligent Design

Gain complete oversight from anywhere. The integrated platform includes powerful tools for remote access, display, and system management, allowing you to monitor and adjust processes without setting foot on the factory floor. It's industrial computing, made brilliantly simple and accessible.

Proudly conceived and refined with precision engineering in India.

# Thinvent Industrial PC IPC5

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i7      |
| Processor Brand | Intel   |
| Processor Model | 1255U   |
| Cores           | 10      |
| Max Frequency   | 4.7 GHz |
| Cache           | 12 MB   |
| Main Memory     | 32 GB   |
| SSD Storage     | 256 GB  |

### DISPLAY

|      |   |
|------|---|
| HDMI | 1 |
| VGA  | 1 |

### AUDIO

|                   |   |
|-------------------|---|
| Speaker Out       | 1 |
| Mic In            | 1 |
| Front Speaker Out | 1 |
| Front Mic In      | 1 |

### CONNECTIVITY

|                   |                  |
|-------------------|------------------|
| USB 3.2           | 2                |
| Front USB 2.0     | 3                |
| Front Serial Port | 2 DB9 male RS232 |
| RS485 Option      | 1                |

### NETWORKING

|                     |                               |
|---------------------|-------------------------------|
| Ethernet            | 1000 Mbps                     |
| Ethernet Ports      | 2                             |
| Wireless Networking | Wi-Fi 5 (802.11ac), dual band |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 5 Amps                                       |
| Power Input  | 100~240 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 50°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | RoHS, ISO                    |

### PHYSICAL

|                      |                         |
|----------------------|-------------------------|
| Form Factor          | Industrial PC           |
| Thermal Design       | Fanless Passive Cooling |
| Dimensions           | 197mm × 210mm × 65mm    |
| Packing Dimensions   | 340mm × 235mm × 105mm   |
| Housing Material     | Aluminium               |
| Housing Finish       | Anodised                |
| Housing Colour       | Dark Grey               |
| Net and Gross Weight | 2.83kg, 3.25kg          |

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                                                  |
| OS Features      | <p>Chromium and Mozilla Firefox browsers.</p> <p>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.</p> <p>Browser based remote management. VNC shadowing.</p> <p>Java, Python and glibc based location application support.</p> <p>LibreOffice and PDF viewer.</p> <p>Multimedia player with MPEG4 support.</p> <p>SIP video and voice over IP.</p> |
