

## Thinvent 15" Industrial Panel PC

### Intel Core i5-1335U processor

10 core, up to 4.6 GHz, 12 MB cache

**64GB DDR4 RAM (2 x 32GB)**

**256GB SSD**

**No WiFi**

**Thinux Embedded Linux**

**Thinvent Keyboard and Mouse set**

SKU: PPC15-I5\_13-32\_32-M256-12\_7-X-  
THINUX-KM

Fast, reliable control for the factory floor.

The Thinvent® 15" Industrial Panel PC brings desktop-class performance to demanding shop-floor and kiosk environments. Powered by an Intel® Core™ i5-1335U processor, it keeps applications responsive and workflows smooth, even when several tasks run at once.

#### Where it earns its place

- Production and assembly lines that need a dependable operator interface
- Kiosks and self-service terminals running all day
- Machine control and monitoring stations
- Remote access and thin-client deployments
- Interactive information points in busy public spaces

- The 15" display with wide viewing angles stays clear from almost any position, so operators read it easily without shifting around.
- Thinux™ Embedded Linux comes ready with browsers, remote display tools, office software and multimedia support, so you can deploy quickly rather than build a software stack from scratch.
- Aluminium housing and passive cooling suit hot, dusty industrial settings where ordinary computers struggle.
- A complete package, including keyboard and mouse, means fewer extras to source and a faster start.

If you want a panel PC that handles real industrial work without fuss, this is the one to specify.

#### Why teams choose it

# Thinvent 15" Industrial Panel PC

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 13th    |
| Series          | i5      |
| Processor Brand | Intel   |
| Processor Model | 1335U   |
| Cores           | 10      |
| Max Frequency   | 4.6 GHz |
| Cache           | 12 MB   |
| Main Memory     | 64 GB   |
| SSD Storage     | 256 GB  |

### DISPLAY

|               |                                |
|---------------|--------------------------------|
| Screen Size   | 15 inch                        |
| Resolution    | 1024 × 768                     |
| Brightness    | 350 nits                       |
| Viewing Angle | Horizontal 178°, Vertical 178° |
| HDMI          | 1                              |
| VGA           | 1                              |

### AUDIO

|             |   |
|-------------|---|
| Speaker Out | 1 |
| Mic In      | 1 |

### CONNECTIVITY

|         |   |
|---------|---|
| USB 3.2 | 2 |
| USB 2.0 | 2 |

### NETWORKING

|          |           |
|----------|-----------|
| Ethernet | 1000 Mbps |
|----------|-----------|

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 7 Amps                                       |
| Power Input  | 100~275 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                    |      |
|--------------------|------|
| Ingress Protection | IP65 |
|--------------------|------|

### PHYSICAL

|                      |                         |
|----------------------|-------------------------|
| Form Factor          | Panel PC                |
| Thermal Design       | Fanless Passive Cooling |
| Housing Material     | Aluminium               |
| Net and Gross Weight | 1.34kg, 1.34kg          |

### ACCESSORIES

|                    |   |
|--------------------|---|
| Keyboard and Mouse | 1 |
|--------------------|---|

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                                                  |
| OS Features      | <p>Chromium and Mozilla Firefox browsers.</p> <p>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.</p> <p>Browser based remote management. VNC shadowing.</p> <p>Java, Python and glibc based location application support.</p> <p>LibreOffice and PDF viewer.</p> <p>Multimedia player with MPEG4 support.</p> <p>SIP video and voice over IP.</p> |
