Engineered for Efficiency, Built for Business.

Introducing the Thinvent Neo R/4 Mini PC

This compact powerhouse is designed to streamline your daily operations without demanding desk space or complex setup. Its industrial-grade construction ensures unwavering reliability in demanding environments, from retail kiosks to digital signage and office workstations.

Why the Neo R/4 is Your Smart Choice

- Achieve smooth, responsive performance for everyday business applications, keeping your team productive and frustration-free.
- Enjoy ultimate connectivity and network flexibility with dual Ethernet ports, perfect for secure network configurations or failover setups.

- Deploy with confidence thanks to its rugged steel chassis and wide power input range, built to perform consistently wherever you need it.
- Reduce clutter and save valuable space with the remarkably small footprint, freeing up your workspace for what matters most.
- Benefit from the professional features and enhanced security of the pre-installed Windows 11 Pro operating system, right out of the box.

Ideal for focused computing tasks, the Neo R/4 delivers dependable performance where it counts. It's the straightforward, robust solution for upgrading point-of-sale systems, powering interactive displays, or managing a lean office IT infrastructure.
