Unleash reliable, efficient performance in a compact footprint.

Perfectly Engineered for Business and Industry

Designed for demanding environments, the Thinvent Neo R/4 delivers dependable computing power wherever you need it. Its rugged, space-saving design fits seamlessly into retail kiosks, digital signage arrays, or industrial control panels, freeing up valuable workspace.

Built for Seamless Connectivity and Control

With dual Gigabit LAN ports, integrate effortlessly into complex networks for data acquisition, network management, or as a dedicated firewall. Enjoy crisp, clear visuals on multiple displays via HDMI and VGA outputs, ideal for information points or monitoring stations.

Ready for Your Vision

Arriving without an operating system, this mini PC offers complete flexibility. Install your preferred software platform to create a tailored solution for point-of-sale, automation, or thin client applications. The included keyboard and mouse set ensure you can get started right out of the box.

Trust in Robust, Certified Quality

Constructed with a durable steel chassis, the Neo R/4 is built to last in commercial settings. It carries key industry certifications, giving you confidence in its safety and reliability for continuous operation.

Simplify your infrastructure with a powerful, professional-grade computer that works as hard as you do.
