Powerful performance, beautifully compact – the Neo R/4 Mini PC fits your business, not your desk.

Work anywhere without compromise

- Save precious desk space with a tough, steel-built chassis that hides neatly behind your monitor or under your desk
- Enjoy smooth, responsive multitasking for everyday business apps, web browsing, and office software
- Slip straight into your workflow with a complete bundle including keyboard and mouse – ready to go from the moment you switch it on

Built for the modern workplace

- Handle spreadsheets, presentations, emails, and video calls with confidence, thanks to a capable 13th-generation Intel® Core™ i3 processor
- Keep your data secure and your system stable with Windows 11 Professional and a fast solid-state drive that boots in seconds
- Connect to dual displays through HDMI and VGA, perfect for stock control, reception desks, retail tills, and digital signage

Designed to keep your business running

- Operates quietly and reliably in busy environments, from shop floors to open-plan offices
- Runs cool within standard indoor temperatures, so it keeps working through the longest shifts
- Backed by trusted certifications for safety and quality, giving you peace of mind with every purchase

Why choose the Thinvent Neo R/4?

- It is a dependable, no-nonsense replacement for bulky legacy towers – delivering modern performance without the footprint
- It is a practical choice for managed rollouts, branch offices, and education settings where budget and space matter
- It is backed by Thinvent's commitment to industrial-grade reliability, so you get a mini PC that simply gets on with the job

Make the smart, compact choice for your business today.
