Powerful performance in a compact, robust package.

Why the Neo R/4 is your next smart investment

- Experience effortless multitasking with the latest 12th-generation Intel Core i5 processor – ideal for running demanding office applications, financial software, or digital signage without a hitch
 - Save precious desk space and reduce clutter with a slim steel chassis that fits neatly behind a monitor or under a counter, making it perfect for busy retail counters, reception areas, or home offices
 - Enjoy whisper-quiet, energy-efficient operation that keeps your electricity bills low and your workspace peaceful – the Neo R/4 draws minimal power while delivering desktop-grade responsiveness
 - Get connected straight out of the box with dual-band WiFi and gigabit Ethernet, ensuring a stable network connection whether you're streaming content, managing cloud tasks, or handling remote support
 - Benefit from rugged build quality designed for continuous daily use in commercial environments – the powder-coated steel housing shrugs off bumps and dust, so your system stays reliable year after year
 - Receive a complete productivity kit with a matching Thinvent keyboard and mouse, letting you start work immediately without hunting for peripherals
- Ideal for point-of-sale systems, information kiosks, light industrial control, or as a cost-effective replacement for ageing desktops, the Neo R/4 delivers solid performance in a space-saving form. Supplied without an operating system, it gives you the freedom to install your preferred OS and customise it to your exact workflow.
