Where big ideas meet a tiny footprint.

Meet the Neo R/4 Mini PC – the quiet workhorse that fits neatly into any workspace, shop floor, or wall-mounted setup, yet delivers the kind of responsive performance that makes light work of demanding days.

A serious multitasker

- Tackle spreadsheets, databases, and web apps without the wait
- Run two screens at once for effortless side-by-side work
- Keep dozens of browser tabs open and still feel snappy

Built for business, not just desks

- Twin gigabit network ports make it ideal for firewall, router, or POS applications
- Reliable storage and memory keep your files safe and your systems booting fast

- Professional Windows 11 environment means no learning curve, just productivity

Compact but tough

- Powder-coated steel case shrugs off knocks, dust, and the occasional coffee splash
- Low power draw keeps energy costs down and heat output minimal
- Silent operation lets it live happily in offices, clinics, and retail counters

Perfect for edge computing, digital signage, and back-office tasks, the Neo R/4 gives you desktop-class capability in a form that disappears behind your monitor or under your desk. It is the smart choice for anyone who wants enterprise-grade reliability without the bulk – and without the premium price tag.

Make room for the Neo R/4: the little machine that does the heavy lifting.
