The powerhouse that fits in the palm of your hand.

Engineered for the modern workplace

Unleash seamless productivity and robust connectivity in a remarkably compact form. The Thinvent® Neo R/4 is your all-in-one solution for demanding business environments, delivering industrial-grade reliability without the bulk.

Perfect for

- Digital signage and interactive kiosks that demand flawless, 24/7 operation.
- Centralised office workstations, reducing desk clutter while providing ample power for everyday tasks.
- Secure network gateways and monitoring stations, leveraging its dual LAN for critical connectivity.

- Remote management setups, thanks to its integrated remote access and management tools.

Why choose the Neo R/4

Its potent processing muscle effortlessly handles multiple applications, from office suites to advanced remote display protocols. The pre-installed Thinix™ operating system offers a stable, secure, and ready-to-work platform straight out of the box, complete with essential productivity and development software. Built with a rugged steel housing, it's designed to endure in environments where ordinary PCs falter. Simplify your IT deployment with a complete, compact system that arrives with everything you need to get started immediately.
