

# Thinvent Neo R/4 Mini PC

## Intel Core i5-1240P processor

12 core, up to 4.4 GHz, 12 MB cache

## Dual LAN

## 64GB DDR4 RAM (2 x 32GB)

## 32GB MLC SSD

## Dual Band WiFi

## Thinux Embedded Linux

SKU: R-I5\_12L-32\_32-S32-12\_7-M-  
THINUX-0

Power through industrial demands with a whisper-quiet footprint.

The Thinvent® Neo R/4 Mini PC is the robust, intelligent core your operations have been waiting for. Built for relentless environments, it delivers serious computing muscle in an incredibly compact, fanless steel chassis.

### Uncompromising Performance for Critical Tasks

- Experience seamless operation for digital signage, interactive kiosks, and complex control panels.
- Handle multiple applications and browser-based management tools simultaneously without lag.
- Its rugged, industrial-grade construction ensures unwavering reliability where it matters most.

### Built to Connect and Control

- Effortlessly integrate into existing networks and manage devices with dual high-speed Ethernet.

- Deploy and manage your fleet remotely with secure, browser-based tools for total peace of mind.
- Run essential productivity and communication software right out of the box on the stable Thinux™ platform.

### Engineered for Simplicity

- Get up and running in minutes with the pre-installed operating system and versatile software suite.
- Its compact size and flexible power options make installation effortless in space-constrained locations.
- Designed for 24/7 operation, it works tirelessly so you can focus on your business.

Choose the Neo R/4 for a dependable computing solution that simply gets the job done, day in and day out.

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i5      |
| Processor Brand | Intel   |
| Processor Model | 1240P   |
| Cores           | 12      |
| Max Frequency   | 4.4 GHz |
| Cache           | 12 MB   |
| Main Memory     | 64 GB   |
| SSD Storage     | 32 GB   |

### DISPLAY

|      |   |
|------|---|
| HDMI | 1 |
| VGA  | 1 |

### AUDIO

|             |   |
|-------------|---|
| Speaker Out | 1 |
| Mic In      | 1 |

### CONNECTIVITY

|         |   |
|---------|---|
| USB 3.2 | 2 |
|---------|---|

### NETWORKING

|                     |                               |
|---------------------|-------------------------------|
| Ethernet            | 1000 Mbps                     |
| Ethernet Ports      | 2                             |
| Wireless Networking | Wi-Fi 5 (802.11ac), dual band |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 7 Amps                                       |
| Power Input  | 100~275 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 40°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                       |
|----------------------|-----------------------|
| Form Factor          | Mini PC               |
| Dimensions           | 198mm × 200mm × 73mm  |
| Packing Dimensions   | 340mm × 235mm × 105mm |
| Weight               | 110 grams             |
| Housing Material     | Steel                 |
| Housing Finish       | Powder Coated         |
| Housing Colour       | Black                 |
| Net and Gross Weight | 1.72kg, 2.13kg        |

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                    |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                   |
| OS Features      | Chromium and Mozilla Firefox browsers.<br>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.<br>Browser based remote management. VNC shadowing.<br>Java, Python and glibc based location application support.<br>LibreOffice and PDF viewer.<br>Multimedia player with MPEG4 support.<br>SIP video and voice over IP. |
