Powerfully Compact, Reliably Connected: Meet the Neo R/4 Mini PC.

Engineered for demanding business environments, this industrial-grade mini PC delivers robust performance without the bulk. Its compact, rugged design ensures seamless integration into any workspace or digital signage setup, while dual Gigabit LAN ports provide the rock-solid, high-speed connectivity critical for uninterrupted operations.

Perfect for a multitude of professional applications

- Driving high-resolution digital signage and interactive kiosks.
- Forming the reliable core of a point-of-sale or thin client system.

- Managing network security and surveillance operations with ease.
- Serving as a dedicated workstation for office productivity and software development.

With its industrial construction and fanless cooling options, the Neo R/4 thrives where standard PCs falter, offering silent, durable, and dependable operation 24/7. It arrives ready for your custom software, providing a flexible, high-performance foundation to build upon.

Simplify your infrastructure with a solution built to last. The Thinvent Neo R/4 is the intelligent choice for businesses that value power, reliability, and space-saving design.
