Serious performance in a seriously small package.

When space is tight but you still need proper desktop power, the Thinvent Neo R/4 mini PC is the quiet workhorse you've been waiting for. It slips discreetly onto a desk, behind a monitor, or under a counter, turning any corner into a capable workstation. From the moment you switch it on, everything feels smooth and responsive, so you can get on with the day's work rather than waiting for your computer to catch up.

Why you'll love it

- Ready to use straight out of the box, with Windows 11 Professional installed and a matching keyboard and mouse included
- Handles everyday office tasks, web browsing, spreadsheets, video calls, and light creative work with ease
- Built into a sturdy steel housing that stands up to busy environments, from bustling small offices to factory floors and front desks

- Fits neatly into retail counters, digital signage setups, school IT suites, and even home entertainment corners
- Plenty of connection options for dual screens, legacy displays, USB devices, wired networking, and audio, so it adapts to how you like to work
- Runs cool and quiet, keeping concentration levels high without distracting fan noise
- Backed by Thinvent's industrial-grade design and quality checks, giving you reliability you can count on day after day

Whether you are upgrading an ageing desktop, kitting out a new team, or looking for a dependable mini PC for a specialist role, the Thinvent Neo R/4 delivers all the essentials without taking up your whole desk. It is a smart, honest, and affordable choice that simply gets the job done.

Make space, not compromises. Choose the Neo R/4 and enjoy computing that just works.
