Power in a pint-sized package. The Thinvent® Neo R/4 Mini PC delivers formidable desktop performance in a footprint that saves you precious space and power.

Engineered for relentless performance

- Experience smooth, lag-free operation for demanding business applications, digital signage, and point-of-sale systems, ensuring your operations never miss a beat.
- Its robust processing muscle effortlessly handles multitasking, allowing you to run several programmes simultaneously without compromising speed.

Built for connectivity and reliability

- The dual Ethernet ports offer network redundancy and load balancing, providing a rock-solid, high-speed connection that is essential for critical business networks or surveillance setups.
- Its durable, industrial-grade steel construction is built to withstand the rigours of 24/7 operation in diverse environments, from retail shops to factory floors.

Simplify your setup and reduce costs

- The ultra-compact design liberates your workspace from bulky towers, enabling cleaner, more professional installations whether mounted out of sight or placed on a desk.
- Its remarkable energy efficiency slashes power consumption compared to traditional desktops, significantly reducing your running costs and environmental footprint.

Choose the Neo R/4 for a robust, space-saving computing solution that delivers unwavering performance where it matters most.
