

## Thinvent Neo R/4 Mini PC

### Intel Core i7-1255U processor

10 core, up to 4.7 GHz, 12 MB cache

### Dual LAN

### 4GB DDR4 RAM

### 2TB SSD

### Dual Band WiFi

### Thinix Embedded Linux

### DB9 Serial

SKU: R-I7\_12L-4-M2048-12\_7-M-THINUX-1S

Unleash the power of industrial computing, condensed.

Built for relentless performance in any environment, the Thinvent Neo R/4 Mini PC is the robust, intelligent heart of your mission-critical operations. Engineered for durability and seamless connectivity, it thrives where standard computers falter.

#### Ideal for demanding applications

- Powering digital signage and interactive kiosks with unwavering reliability.
- Serving as the central control unit for factory automation and machine vision systems.
- Managing network security and routing with its robust dual LAN capability.

- Running legacy industrial equipment and point-of-sale systems via its dedicated serial port.

Why choose the Neo R/4?

It delivers enterprise-grade Intel processing power in a rugged, compact steel chassis, designed for 24/7 operation. With integrated dual-band Wi-Fi and the efficient, secure Thinix™ operating system, it offers unmatched remote management and connectivity. This is more than a mini PC; it's a steadfast partner engineered for productivity, saving you space, energy, and complexity without compromising on capability. Deploy with confidence for a smarter, more connected industrial edge.

# Thinvent Neo R/4 Mini PC

## Specifications

### PROCESSING

|                 |         |
|-----------------|---------|
| Generation      | 12th    |
| Series          | i7      |
| Processor Brand | Intel   |
| Processor Model | 1255U   |
| Cores           | 10      |
| Max Frequency   | 4.7 GHz |
| Cache           | 12 MB   |
| Main Memory     | 4 GB    |
| SSD Storage     | 2048 GB |

### DISPLAY

|      |   |
|------|---|
| HDMI | 1 |
| VGA  | 1 |

### AUDIO

|             |   |
|-------------|---|
| Speaker Out | 1 |
| Mic In      | 1 |

### CONNECTIVITY

|              |                  |
|--------------|------------------|
| USB 3.2      | 2                |
| Serial Port  | 1 DB9 male RS232 |
| RS485 Option | 1                |

### NETWORKING

|                     |                               |
|---------------------|-------------------------------|
| Ethernet            | 1000 Mbps                     |
| Ethernet Ports      | 2                             |
| Wireless Networking | Wi-Fi 5 (802.11ac), dual band |

### POWER

|              |                                              |
|--------------|----------------------------------------------|
| DC Voltage   | 12 Volts                                     |
| DC Current   | 7 Amps                                       |
| Power Input  | 100~275 Volts AC, 50~60 Hz, 1.5 Amps maximum |
| Cable Length | 2 Metre                                      |

### ENVIRONMENTAL

|                       |                              |
|-----------------------|------------------------------|
| Operating Temperature | 0°C ~ 40°C                   |
| Operating Humidity    | 20% ~ 80% RH, non condensing |
| Certifications        | BIS, RoHS, ISO               |

### PHYSICAL

|                      |                       |
|----------------------|-----------------------|
| Form Factor          | Mini PC               |
| Dimensions           | 198mm × 200mm × 73mm  |
| Packing Dimensions   | 340mm × 235mm × 105mm |
| Weight               | 110 grams             |
| Housing Material     | Steel                 |
| Housing Finish       | Powder Coated         |
| Housing Colour       | Black                 |
| Net and Gross Weight | 1.72kg, 2.13kg        |

### OPERATING SYSTEM

|                  |                                                                                                                                                                                                                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating System | Thinvent® Thinux™ Embedded Linux                                                                                                                                                                                                                                                                                                                                  |
| OS Features      | <p>Chromium and Mozilla Firefox browsers.</p> <p>RDP 10 (RemoteFX, H.264/AVC), Putty and SSH for remote display.</p> <p>Browser based remote management. VNC shadowing.</p> <p>Java, Python and glibc based location application support.</p> <p>LibreOffice and PDF viewer.</p> <p>Multimedia player with MPEG4 support.</p> <p>SIP video and voice over IP.</p> |
